“Being part of Chamber San Mateo County is a way to have a voice and to be part of the ongoing business changes in our region. When I first opened La Viga restaurant back in 2012, our Redwood City community embraced us with lots of support and love! We have been able to do business, evolve, thrive, serve and COOK! Serving my community is a privilege, and it is my responsibility to give back for everything we have received.”

TREASURER**

“Rather than being a group of businesses that work solely to support the interests of their members, Chamber San Mateo County works to support the economic vitality of our region. It represents and advocates for both employers and workers. Our Board is made up of individuals that differ greatly in a variety of ways but are unified in commitment to our community. The Chamber of today is like Progress Seminar every day – disparate entities coming together to ensure the future of work and the future of San Mateo County remain bright for us all. That’s why I’m honored to be the first labor leader to Co-Chair the Progress Seminar and the first to ever sit on the Chamber Board.”
