

**Statement from
Chamber San Mateo County President & CEO Amy Buckmaster
on Federal Funding Secured by Congresswoman Anna Eshoo
and Congressman Kevin Mullin**

March 8, 2024

“This is welcomed news for Chamber members, workers, labor and the residents of San Mateo County. The need continues to grow for infrastructure funding that supports San Mateo County businesses, drives our regional economy and creates a quality of life that allows residents to thrive.

Congresswoman Eshoo and Congressman Mullin have delivered funding that meets a diverse portfolio of community and economic needs and invests in critical educational, transportation, environmental and cultural projects that make San Mateo County a great place to work, live and visit.

This funding is a critical reminder that having thoughtful, engaged and skilled elected leaders at all levels of government matters to ensure that the public good never becomes unbalanced by partisan politics.”
